

MINUTES OF BOARD MEETINGS

Issued 10/19/04

Purpose: To establish the basic structure for maintaining a record of business conducted at board meetings.

The minutes of a school board meeting constitute the written record of board action. The minutes are legal evidence of the board's action.

All regular sessions of the Fox Creek High School Board will be recorded by written minutes and will be available for public review for a period of one year.

The board secretary will keep, or cause to be kept, a complete record of the action of board meetings. As provided by the South Carolina Freedom of Information Act, these minutes will include, but need not be limited to, the following.

- date, time and place of the meeting
- members recorded as either present or absent
- substance of all materials proposed, discussed or decided
- record of all actions taken by the board, with the vote included except in cases of unanimous votes, and, at the request of any member, a record, by an individual member, of any votes taken
- any other information that any member requests be included or reflected in the minutes

The minutes will become permanent records of the board and will be in the custody of the Board Secretary. He/she will make them available to interested citizens of the district upon written request, with exceptions as provided by law, at reasonable times during the working day.
