

NEW MEMBER ORIENTATION/BOARD MEMBER DEVELOPMENT OPPORTUNITIES

Issued 10/19/04

Purpose: To establish the basic structure for facilitating awareness by board members of their role and responsibility to ensure their accountability to the public.

The board and administrator, to the best of their ability, will assist each newly elected member to understand the board's functions, policies and procedures. The Chairperson will provide each newly elected member with materials pertinent to board operations, including a copy of the board policy manual.

Orientation for new members

All board members are required to complete an orientation program within 2 months of taking office. The program will include the powers, duties and responsibilities of board members as well as other topics.

Reimbursement for expenses

The state department of education will reimburse the district at the rate of \$80 per new board member.

If funding is not available for reimbursement, the school has the option of providing the new board member orientation.

Board member development opportunities

The board will encourage all its members to participate in meetings and activities of state, area and national school boards associations, and other educational groups, and to study and examine the materials received from these organizations.

The school budget will include money for travel expenses for individual members to advance their development as school board members. When the full board does not attend a conference, convention or workshop, those who do participate will be requested to share information, recommendations and materials acquired at the meeting.

To help members develop understanding of the education program, the administrator will request members of the professional staff to appear before the board from time to time to present and discuss new developments in various areas of curriculum and instruction.

Adopted 10/1904; Revised -----
